Freelance Medical Writer  
SM Medical Writing  
[contact@smmedicalwriting.com](mailto:contact@smmedicalwriting.com)

Significant training and experience in clinical pharmacology research. Excellent written and oral communication skills.  
Highly independent and organized.

## Experience

March 2021 – Present

**Lead Medical Writer, SM Medical Writing**

Manages clients and produces a variety of writing deliverables such as manuscripts, presentations, advisory board coverage, needs assessments, and grant proposals.

October 2020 – Present

**Freelance Medical Writer, Nascent Medical, LLC (contract)**

Develops content for manuscripts, presentations, needs assessments, and other written materials. Wide knowledge base with experience in a range of therapeutic areas. Adept at researching complex scientific and medical concepts and communicating to different audiences as required.

June 2017 – January 2020

**Clinical Pharmacist, Investigational Drug Services, Children's Hospital Colorado**

Responsible for safely, accurately, and efficiently dispensing medications used in clinical trials. Demonstrated an excellent ability to comprehend and operationalize information from study protocols, pharmacy manuals, and investigator brochures. Frequent exposure to regulatory visits from the FDA, study sponsors, and internal sources.

February 2017 – June 2017

**Research Instructor, University of Colorado Anschutz Medical Campus**

Principal investigator or co-investigator on several projects involving pharmacology research in humans. Developed and implemented study protocols, budgets, and case report forms, in compliance with regulatory requirements. Wrote grant applications, manuscripts, and conference presentations.

June 2013 – February 2017

**Antiviral Pharmacology Postdoctoral Fellow, University of Colorado Anschutz Medical Campus**

**Mentor: Peter Anderson, PharmD**

Developed skills involving grant writing, clinical trial operations, manuscript and book chapter publication, data analysis and modeling, and teaching at a graduate level.

## Education

May 2017

**Master of Science**, Clinical Sciences, University of Colorado Graduate Program

May 2013

**Doctor of Pharmacy**, University of Washington

May 2006

**Bachelor of Science**, Biology, University of Wisconsin-Madison
